# COLORING

## TRAFFIC JAMS

Traffic jams are a big problem on Interstate 90, especially on weekends and holidays.

## SHARP CURVES

Sharp turns and curves are dangerous and can cause accidents.

## CRACKED PAVEMENT

The pavement is 50 years old and cracking. This is causing bumpy roads and unsafe conditions.

# PAGES

## AVALANCHE

Avalanches are dangerous  
and cause drivers to stop  
and wait.

## ROCKFALL

Mountainsides along the highway  
break down and rocks fall  
onto the highway.

## WILDLIFE CROSSINGS

WSDOT is helping drivers and  
wildlife by providing places for  
animals to cross safely, over and  
under the highway.

# I-90 SAFETY MAZE

PLEASE HELP MY WILDLIFE  
FRIENDS GET ACROSS I-90  
SAFELY FROM START TO  
FINISH!

**FINISH!!!**
