Eat and be eaten

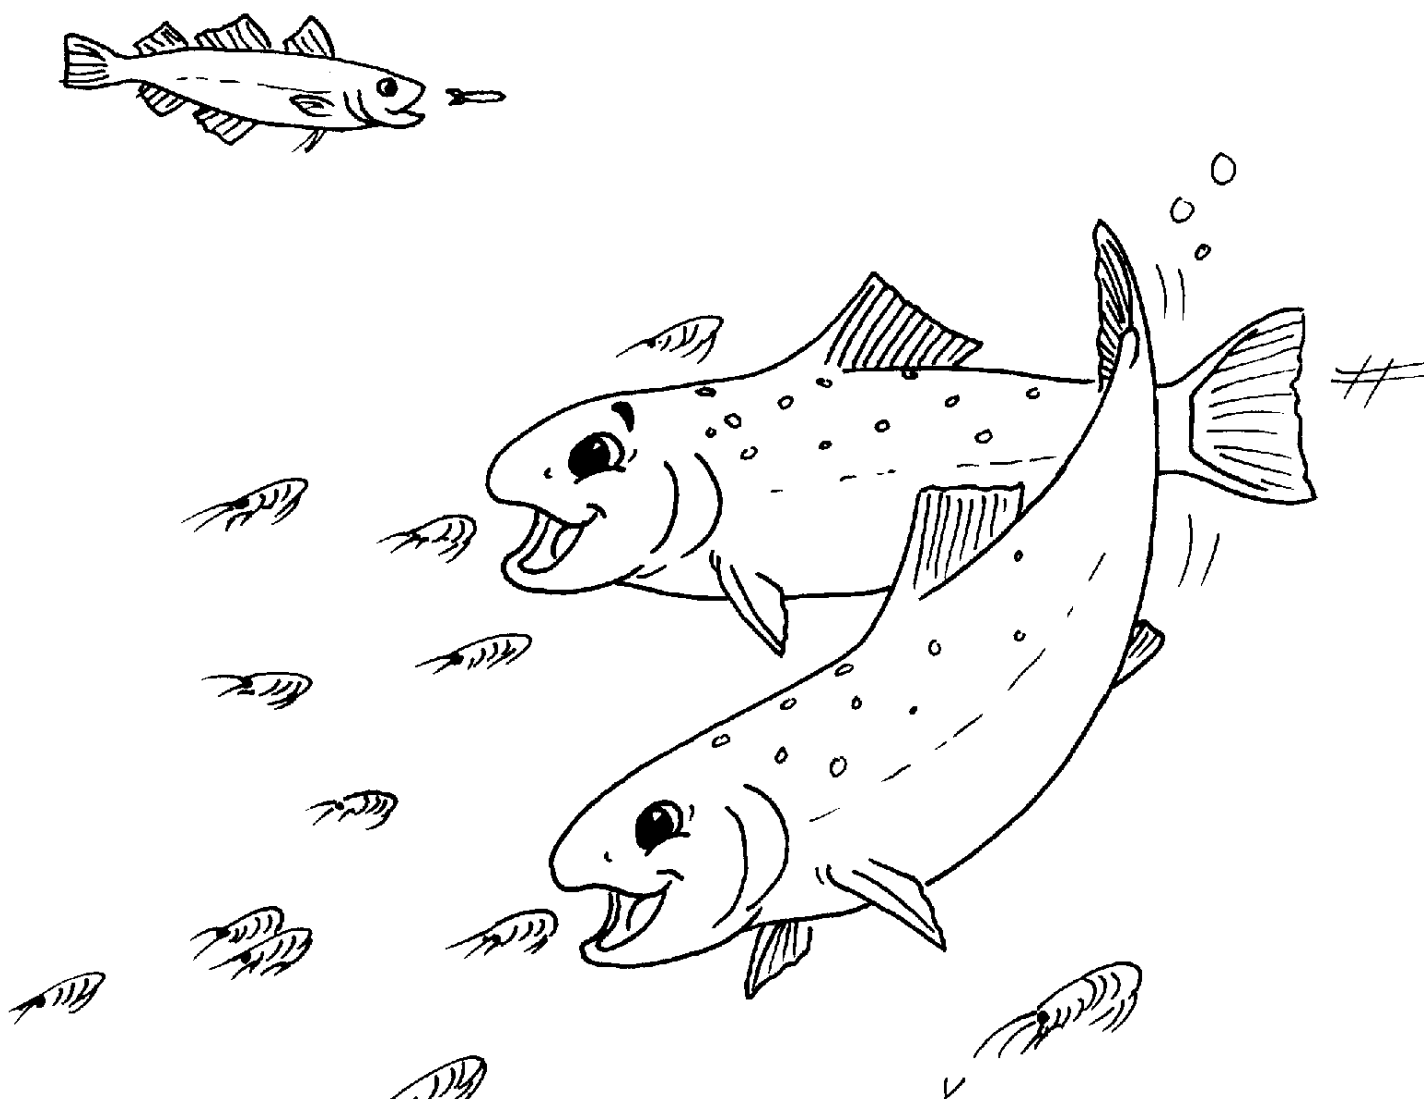

The Ocean Trip – Growing Bigger

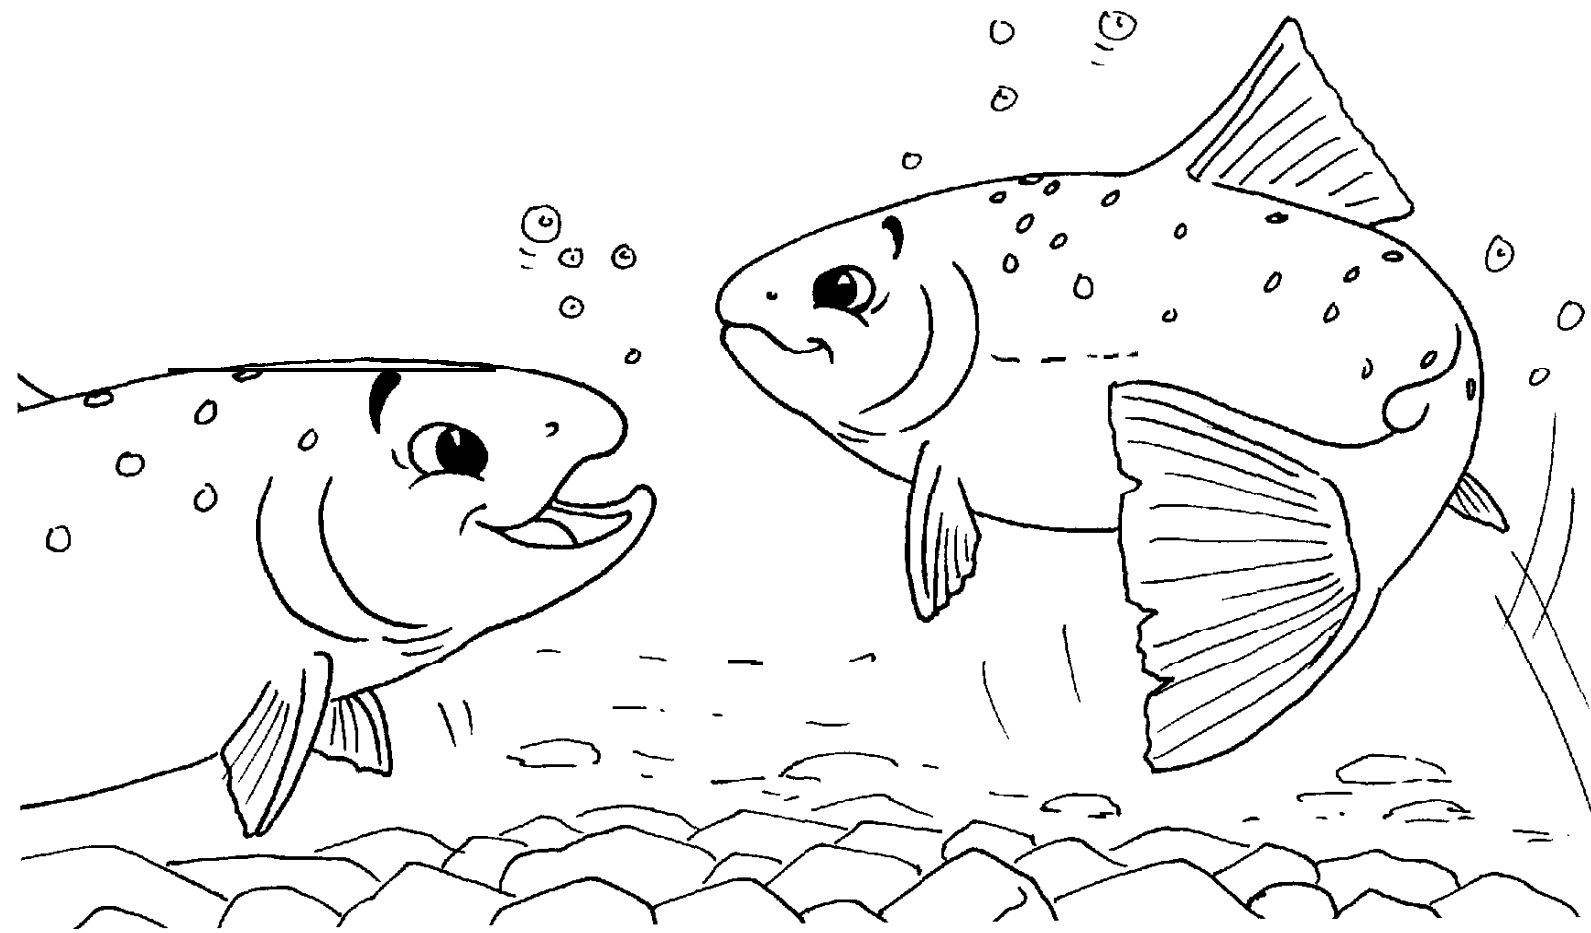

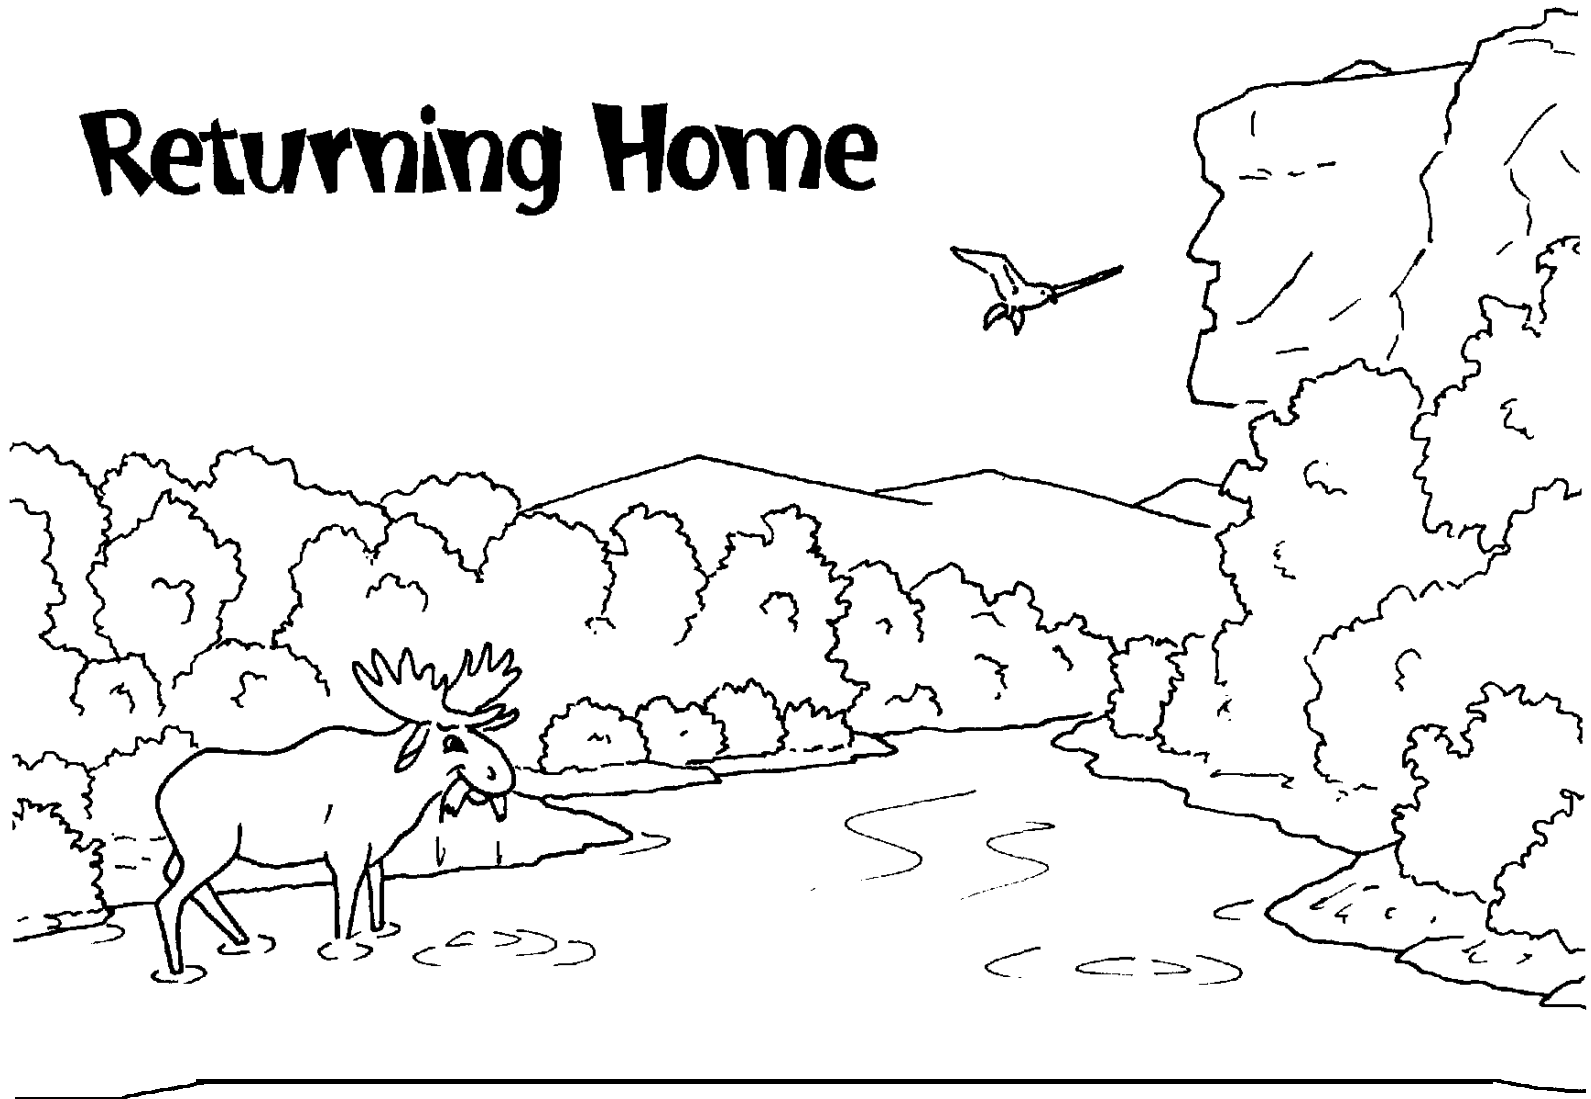

Life at Sea

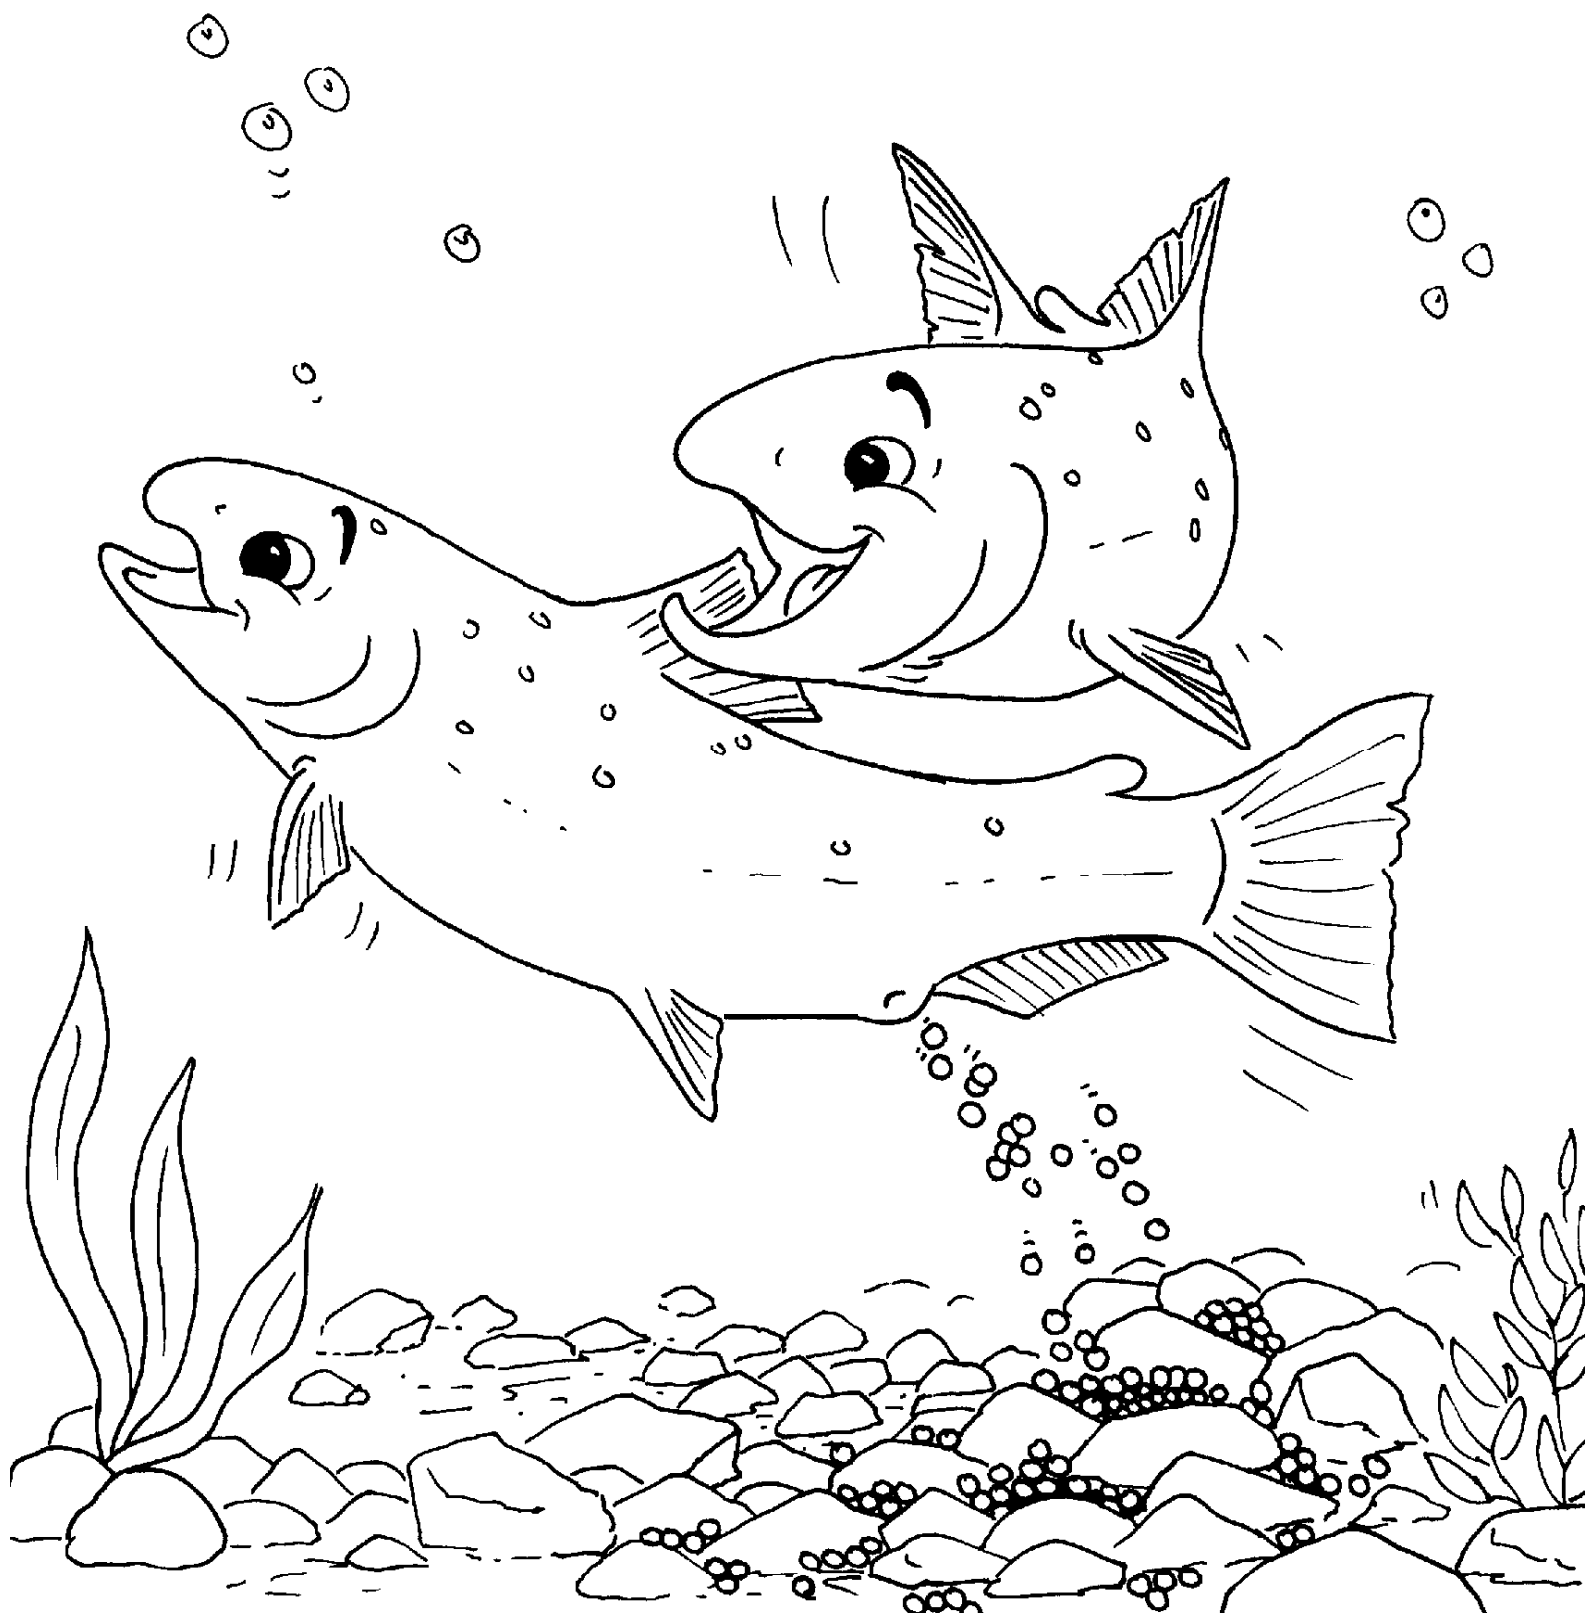

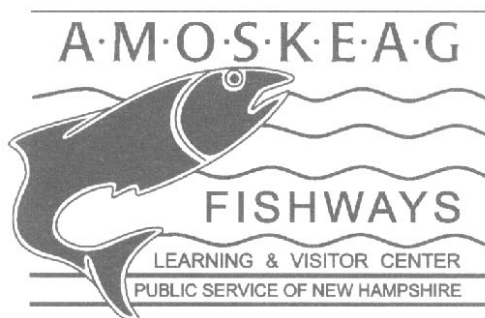

Returning Home

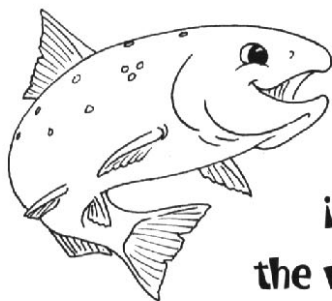

The Story Begins Again

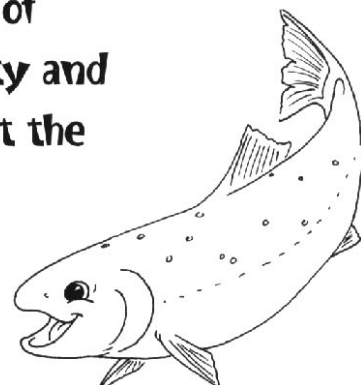

**To learn more about the Atlantic Salmon and other
wild creatures of the Merrimack River, please
visit the Amoskeag Fishways!**

www.amoskeagfishways.com

**The Amoskeag Fishways
Learning and Visitors Center
is a fun place to investigate wildlife of
the river, explore the power of electricity and
learn about Native American history at the
Amoskeag Falls, which means
"Place of Good Fishing"!**

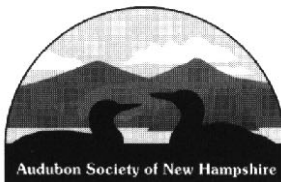

**For more information
call 626- FISH**

**Public Service
of New Hampshire**

The Northeast Utilities System

The Amoskeag Fishways is located in Manchester, N.H. – off Interstate 293, on exit 6. The Fishways is open year-round and provides educational programming for adults, families and groups of children about the ecology and culture of the Merrimack River. The Amoskeag Fishways is a partnership between Public Service of New Hampshire, Audubon Society of New Hampshire, US Fish and Wildlife Service and New Hampshire Fish and Game Department. Illustrations by Mickey Schilling.
